

## **THE GENERAL EXPERIENCE**

**THE GENERAL EXPERIENCE WAS PLEASANT, IT HAS HELPED US TO GROW FROM THE LINGUISTIC POINT OF VIEW WITH THE VARIOUS POINTS OF THE PROJECT BUT ALSO FROM THE CULTURAL POINT OF VIEW THANKS TO ALL THE LESSONS AND TESTS THAT HAVE ALSO HELPED US TO EXPLORE THE ARGUMENTS THAT ARE VERY LITTLE ABOUT IN SCHOOLS AND WHICH SHOULD BE VERY IMPORTANT DATA THAT CONCERNS OUR FUTURE BUT ALSO OUR PRESENT DUE TO THE CLIMATE CHANGES THAT ARE AFFECTING US IN THE LAST YEARS**

## **THE MOST INTERESTING POINT**

**OF THE TOPICS WE HAVE COVERED THE ONE THAT HAS AFFECTED AND INTERESTED US MOST WAS "THE CIRCULAR ECONOMY FOR THE ELECTRONIC MARKET" THAT WE HAVE CHOSEN FOR THE PREVIOUS JOB.**

**"THE CIRCULAR ECONOMY FOR THE ELECTRONIC MARKET" IS AN UNDERESTIMATED ARGUMENT BUT THAT SHOULD BE HIGHLIGHTED BY PUBLIC OPINION SINCE ELECTRONICS IS A FIELD THAT CONCERNS US DIRECTLY, IN FACT WITH ELECTRONICS WE HAVE ALL THE DAYS AND OF OBJECTS THAT CONTAIN ELECTRONIC PARTS IN THE HOUSE WE HAVE IN ABUNDANCE, IN FACT THE PRODUCTION OF THESE PARTS CAUSES THE DIFFUSION OF HARMFUL GAS AND WASTE PARTS THAT POLLUTE THE TERRITORY.**

## **WHAT SHOULD BE BETTER?**

**OFTEN, WE TALK ABOUT RECYCLING OF OTHER MATERIALS AND ALMOST NEVER ELECTRONICS BUT TO IMPROVE THE SITUATION YOU SHOULD ALSO THINK ABOUT THIS TOPIC.**

**RECYCLING THE ELECTRONIC PARTS OF THESE OBJECTS IS ESSENTIAL TO REDUCE POLLUTION AND ALSO MOVE THE ECONOMY THANKS TO THE CREATION OF WORKPLACES WITH RECYCLING PLANTS.**

**THE AWARENESS OF THE POPULATION TO THIS ARGUMENT WOULD BE THE BEST THING TO IMPLEMENT BESIDES THE AWARENESS OF THE COMPANIES MANUFACTURING THESE PARTIES AND OF THE GOVERNMENTS THAT SHOULD CREATE (AFTER YEARS OF AWARENESS AND DISSEMINATION OF THE DISPOSAL) OF CERTAIN ELECTRONIC PARTS.**

**By Andrea D'Arma – Paolo Maganuco – Simone Aberia**
